Re. Replacement of ELCD representative in Thematic group on
Economic and Ecological Justice and Sustainable Future

The representative of the Evangelical Lutheran Church in Denmark to the CEC Thematic group on Economic and Ecological Justice and Sustainable Future, Ms Theresa Lindquist French, has informed us, that she needs to step down from the group.

With this letter, the Evangelical Lutheran Church in Denmark kindly wishes to nominate a replacement, as we believe the work of the group is very important, not least with regard to the common European future. We hereby nominate Ms Sofie Larsen Kure for consideration to the CEC Nominations Committee and decision by the CEC Governing Board. Ms Sofie Larsen Kure fulfills the same balance requirements as did Ms Theresa Lindquist French. We kindly draw your attention to the enclosed curriculum vitae of Ms Sofie Larsen Kure.

Yours sincerely,

Rev Dr Thorsten Rørbæk
Theological Consultant

Having just finished my master's thesis in theology, I now work for the National Council of Churches in Denmark (NCCD). As my resume shows, I have for a long time now been interested in church related work and especially ecumenical work. Most of my work hours in NCCD are spent on the initiative "Green Church", which is an ecumenical, green network of churches who all care for creation in one way or another. I do project managing and build campaigns, develop new initiatives, and maintain the existing network. Focus on sustainability has finally been picked up by churches, not only in Denmark but all over the world and I enjoy being part of that journey with the churches. I have just started a Nordic, ecumenical, green network where we can share ideas and help each other look forward towards a more sustainable future for the churches in the Nordic countries.
